

How to - find your full HSA account number

- Sign into your online account via the NBS Portal
- Look at the Personal Dashboard

Under My Accounts, Health Savings Account, look for the eye icon

If you hover over the eye, the full account number will appear

The "My Accounts" section features a header with a briefcase icon and the title "My Accounts". Below the header are three radio buttons for "Plan years to show": "Previous" (unselected), "Current" (selected), and "Future" (unselected). The main content area displays "Health Savings Account - HSA" with a masked account number "*****55" and an eye icon. A large orange bar shows the available balance of "\$913.80". Below this, two colored circles indicate "Available \$913.80" (orange) and "Investment \$0.00" (teal). Two downward-pointing chevrons are at the bottom of the section.

The "My Alerts" section has a warning triangle icon and the title "My Alerts". Below the title is a large, light green button with the text "See All".

The "My Recent Transactions" section has a dollar sign icon and the title "My Recent Transactions". It contains a table with five rows of transaction data.
